FAILURE TO APPROVE will result in invoicing for full tuition and Failure to Approve will be reported to the Department of Education and the Scholarship Granting Organization, which may result in the Scholarship being revoked and future opportunities being impacted. If at any time you need assistance please don't hesitate to contact your scholarship organization and or Dream Academy.

Internal Scholarship

For some scholarships, a student might not obtain the full amount of Dream Academy tuition, registration fees, and technology fees. We at Dream Academy understand that there may be a shortage in funds that are awarded to the child vs the total amount due to the school. In the event that a parent is not financially able to pay these differences, Dream Academy will put these differences in the Dream Academy internal scholarship program for up to 50% of tuition and fees. To be considered for this program, parents will need to provide the last 30 days of paystubs for all within the household, and the total household member count. This is the information that was sent/uploaded to your scholarship application as well. The guidelines come from calculations up to 200% of the federal poverty level: [Income Guidelines for Reduced Fees | USCIS](#)
